Cut Me Up

Har Mar Superstar

Your vision came,
It kept me out of bed,
Slid between my sheets,
Gonna split my head.Somebody tame
The beast the dwells within,
The bittersweet nightmares
I fixed to grind you in.Ur vision came,
It kept me out of bed,
The thrill that u gives
Gonna kill me dead,Hey little girl,
No reason to shout.
You made up your own dreams
Now you can get yourself around.Cut me up, break me off baby,
Dont let go til I cant breathe.
I may run but I still want it
Follow me into my dream.Cut me up, break me off baby,
Dont let go til I cant breathe.
I may run but I still want it
Fill the night up with my scream (ahhhh!)Cut me up, cut it through me (ow, ow, oww!)
Cut me up, cut it through me (ow, ow, oww!)
Cut me up, cut it through me (ow, ow, oww!)
Cut me up, cut it through me (ow, ow, oww!)Pleasure pain burning in my bed,
Your pins hit my skin until it bled.The fuck will lift
When our bodies feel the sweat,
That aint no feel when your panties getting wet,Pleasure pain kept me out of bed,
The thrill that u gives gonna kill me dead.Your beauty ripped my world apart,
Now Im coming back to settle up and take your heart(Chorus)Cut me up, cut me up, dreams, I cant breathe,
cut me up, give it to me, cut me up, come on
come on, breathe, cut me up, cut me up, I cant breathe
