U Are The One

Usher

U S H E R, say it
U S H E R, c'mon, c'mon, one, two, check it
It was like six of us, three in the Benz, three in the truck
On 85 headed to the Plush, ten minutes later when we pulled up
I parked the Benz, hit the alarm, glanced down at my rims
Tucked my pant leg in the tongue of my Tims
Hand in my shirt to reveal the gems
Proceeded to walk in, just then I saw this
Magnificent misses, sippin' on a glass of Cris
With a couple of her friends gigglin' I knew
U R the one, I don't give a damn
Even if you got a man take my hand, girl
U R the one, girl I know you'll understand
If you just give me a dance, take a chance, girl
Said, I know you got a few with you
Don't even trip I got my crew here too
Keep it real what you wanna do
I really wanna chill with you
Tell your friends they can hop in the truck, we'll take the Benz
But if we split up maybe we can hook up again
You never know I guess that all depends
If I can get you from the floor to the door of my six O O
Two O momo's on low Pro's
So finish that Mo'
Get your coat
Tell your girls c'mon let's go, 'cause
U R the one, I don't give a damn

Even if you got a man take my hand, girl
U R the one, girl I know you'll understand
If you just give me a dance, take a chance, girl
U R the one, I don't give a damn
Even if you got a man take my hand, girl
U R the one, girl I know you'll understand
If you just give me a dance, take a chance, girl
U S H E R, say it
U S H E R, one, two, three
U R the one, I don't give a damn
Even if you got a man take my hand, girl

U R the one, girl I know you'll understand
If you just give me a dance, take a chance, girl
U R the one, I don't give a damn
Even if you got a man take my hand, girl
U R the one, girl I know you'll understand
If you just give me a dance, take a chance, girl
U R the one, I don't give a damn
Even if you got a man take my hand, girl
U R the one, girl I know you'll understand
If you just give me a dance, take a chance, girl
U S H E R, say it
U S H E R, one, two, three
U S H E R, say it
U S H E R, one, two, three
