Invisible

Meja

It's invisible
things that we know
treasures we hide we can find
something to show us a sign
It's so vulnerable
the words that we say
doesn't come out as we planned
sometimes they're just in the way
Common things we take for granted
in our life
Silly games we play that blindfolds
our eyes
You should know that your a part of me
and it's plain to see
It's invisible
all I can say,
It's what you plan in you mind
secrets that you wanna find

So admirable
the courage you hold
giving me time to be strong
tells me that nothing is wrong
Common things we take for granted
in our life
Silly games we play that blindfolds
our eyes
You should know that your a part of me
and it's plain to see
Invisible (You take so many things for granted)
Unbelieveble(Yes, I know, I know)
So vulnerable(You know I don't wanna hurt you)
Cause I know
Common things we take for granted
in our life
Silly games we play that blindfolds
our eyes
You should know that your a part of me
and it's plain to see
