Second Hand Love

Tenet Music

Ok, I knew, I knew from the beginning
Everybody's got a past
But now with you, I see a hidden meaning
And I ain't gonna sit with thatI close my eyes and I see her reflection
I just can't take it, I just can't take it
I won't deny it's become and obsession
I gotta say it, say it...
Don't give me second hand love
You got to give it up
I won't take no second hand love
Cause enough is enoughNow tell me why can't you forget her?
Curse the day you met her
I don't wanna waste my time
So don't give me second hand love
Cause enough is enoughSecond hand love
Can't do no second hand love!She's in your head, sleeping in the closet
Telling you she wants you back
She's in our bed, baby just be honest
There's no way to handle thatTime for you to break away
It's time for you to let it go
I don't want no second place
I just want you for my own
