In a Different Light

Linda Davis

We talk as neighbors by the fence
The seasons come and go
We've grown a little closer
Now that we both live aloneBut we only find the time to chat
In the middle of our chores
Oh, I can't help but wonder
If we could find somethin' moreIn a different light, if you could see me
In a different light as if we met each other only just last night
Could we find ourselves as lovers in a different light?This mornin' when I stepped out
For the paper and the mail
You waved from your front yard
Bad timing never failsIn slippers and a bathrobe
Oh, how could you be impressed?
But just give me an hour
And I could look my bestIn a different light, if you could see me
In a different light as if we met each other only just last night
Could we find ourselves as lovers in a different light?In my mind I see us
In a candle lit cafe
Sharing tender moments
That take my breath away, oh babyDifferent light, if you could see me
In a different light as if we met each other only just last night
Could we find ourselves as lovers in a different light?
