

# Dearest

## DaizyStripper

I hear you calling me dearest too  
My dearest, I'm nearest, then I've ever been before  
To have you calling me dearest once more My dearest, this picture  
My own memory  
Wishing this picture was reality Where do I go from here? The Lord took you away  
And if you could see my today, I will remember you  
I will remember you My dearest, sincerest  
There's no one but you and  
Here in my heart you're my dearest too Where do I go from here? The Lord took you away  
And if you could see me today, I will remember you  
I will remember you My dearest, sincerest  
There's no one but you and  
Here in my heart you're my dearest too
