

White Lightning

Attila

They've been after me but I could care less while I'm sipping moonshine

Yeah.

Here's the part where I tell it like it is.

Time isn't wasted when You're wasted.

Popping bottles like its our last night.

Who's with me?

Can you keep up with me? I don't think so

Yeah I'll go blind before I

Look you in the eyes fucking traitor.

So pretend that for a second You'll be fine.

But I'm not sober hahahah

You will pay the price.

You Never sacrifice much.

Take my advice. Liar.

They watch my life between

The cracks. They never even mind.

I'm high anyways.

So eat your heart

Out. well take the back roads to get home. (They watch my life between The cracks)

They never even mind.

I'm high anyways so eat your fucking

Heart out. I stay wasted all the time.

Sipping white lightning past

Your eyes.

Can you keep up with me? Can you k-k-k-k-k-keep up with

Me?

You will never learn my fucking ways.

I'm never gonna come back Here.

So they can deploy a hundred person army search party.

Sober Anonymous viewers watch in horror

But I'm gonna be not giving a fuck just

Like I said earlier. I'm gonna be sipping on white lightning
