So Far Gone

Danger Radio

Late night contemplating on the words to say.
Got set the record straight.
I can't pretend I'm alright.
I give in to the night.She got me on the edge and slippin.
Try to look away.
But she stares it down inside and I lose my way, can't fight.
I give in to the night.So if it's love that she wants.
Love that she's after.
Don't come looking for me.
Cause I'm so far gone.
So if it's love that she wants.
Love that she's after.
Don't come looking for me.
Cause I'm so far gone.Been exhausted.
I'm so worn out by the game she plays.
Sneaking off and you leave me hangin.
I don't take that bait.
Get obvious (?).....
Foolish waysSo if it's love that she wants.
Love that she's after.
Don't come looking for me.
Cause I'm so far gone.
So if it's love that she wants.
Love that she's after.
Don't come looking for me.
Cause I'm so far gone.So far gone
So far gone
So far goneSo drained and falling apart.
Predicted it from the start.
Tried hard to break it.
But I strayed too far away.
Your words, they don't mean a thing.
I stayed despite of the pain.
But I wont take it.
So don't put up the fight.So if it's love that she wants.
Love that she's after.
Don't come lookin' for me.
Cause I'm so far gone
If it's love that she wants.

Love that she's after.
Don't come lookin' for me.
Cause I'm so far gone.(Love that she wants)
Woah.
(Love she's after)
Don't come come lookin' for me.
Cause I'm so far gone.
(Love that she wants)
Woah.
(Love she's after)
Don't come come lookin' for me.
Cause I'm so far gone.
I'm so far gone.
So far.
