Want You

Motor Ace

Lying in
Summer's gone
Welcome home the till has been done
I want you
There's nothing elseShed your pride
Cool it down
Keep in touch, what for? I don't doubt
I want you
There's nothing elseYour love is a taste I've been sold about
Your love is a song I've been living without
I want it 'til my lights go out
You think it's right
What if you're wrong?
As long as you're bleeding I'm singing along
I want you
There's nothing elseYou said you feel like you're going to get in
I think you don't even know where to begin
I want you
There's nothing elseYour love is a taste I've been sold about
Your love is a song I've been living without
I want it 'til my lights go outWhen will you stay?
When the cause isn't yours
But they pay to see you
Give it up
Will you stay for the bout?
Are you coming to get me out?I want you Love
I need you Love
And I've come to right place and it took so longI want you Love
I need you Love
And I've come to right place and it took so long
