Stranglehold

Ministry

here i come again now baby
like a dog in heat
tell it's me by the clamour now baby
i like to tear up the street
now I've been smoking for so long
you know i'm here to stay
got you in a stranglehold baby
you best get out of the way
road i cruise is a bitch now baby
you know you can't do me 'round
if a house gets in my way baby
you know I'll burn it down
you ran that night that you left me
you put me in my place
got you in a stranglehold now baby
then i crushed your face
solo

sometimes you gonna get higher
sometimes you gotta start low
some people think they gonna die someday
i got news you never got to go
come on come on up; 4 times
come on come on come on come on baby
come on come on come on come on up
come on come on come on come on baby
come on come on come on
the road i cruise is a bitch now
you know you can't do me 'round
if a house gets in my way
you know I'll burn it down
you ran that night that you left me
you put me in my place
i got you in a stranglehold baby
then i crushed your face
