People Gotta Move

Gino Vannelli

People come on and do it right
Shake your behinds like a dynamite
Chuck all your worries and toss your thighs
To be tame is a pain when you realizeAh, you gotta move
You gotta move
Oh, you gotta move
Oh, people gotta move
You gotta moveShake all your brains and pump your heart
Show all the world what you are
You come on for right, you come on for wrong, you come on for zeal
'Cause the tones of your bones makes you feelYou gotta groove
You gotta groove
No, no, no, you gotta groove
Yeah, people gotta move
You gotta move(Move, move)
You gotta move
(Move, move)
No, no, no, you gotta move
(Move, move)
Yeah, people gotta move
(Move, move)
You gotta moveMove, move
Move, move
Move, move
...
