Lullaby

Willa Ford

Just 'cause I'm small
Can't hurt you at all.
I'm only a girl.
What to do?
Let me sing my song for you.
Not many can
Resist my command.
I know just how to get to you!
Let me sing my song for you.
CHORUS
When you lay down late at night,
I'm the siren you can't fight!
I know you don't stand a chance!
There is nothing you can do
Once I put my spell on you!
When I sing my lullaby.
Lullaby!
Lullaby!
Lullaby!
When I sing for you my lullaby.
Now that you see
It wasn't a dream,

Reality got the best of you.
Told you, boy,
I would come after you!
Now it's too late.
Can't hesitate
To hide this, baby!
Deja vu!
Watch out, boy!
I'm comin' for you!
CHORUS
In your sleep,
It's got you deep!
My sweet melody
Has captured you
Forever, boy!
Lullaby!

Lullaby!
Lullaby!
When I sing for you my lullaby!
Sing my lullaby!
CHORUS 1x
