Love Is The End

Keane

Now is the time of our comfort and plenty
These are the days we've been working for
Nothing can touch us and nothing can harm us
And nothing goes wrong anymore
Singing a song with your feet on the dashboard
The cigarette streaming into the night
These are the things that I want to remember
I want to remember you by
It won't come again 'cause love is the end
Oh no, my friend love is the end
I took off my clothes and I ran to the ocean
Looking for somewhere to start anew
And when I was drowning in that holy water
All I could think of was you
Woah, my friend love is the end
So let's not pretend 'cause love is the end
Take it back, don't let it die
Or rage against the falling night
'Cause I still do depend on you
Don't say those words, you wrung me through
Woah, love is the end
So let's not pretend 'cause love is the end
And so I tread the only road
The only road I know
Nowhere to go but home
Nowhere to go
Maybe our time is up
But still you can't look back
But all the principles of love
Don't say those words
Don't say those words
Don't say those words
Don't say those words
