

H.A.P.P.Y Radio

Edwin Starr

Happy radioAn automatic alarm
Turns my radio on
Before my feet can hit the floor
The music's got me ready to go
And all through the whole day
I know my favorite records they'll play
It helps me chase all my blues away
When I can hear that dj say that this is stationH.A.P.P.Y.
We plan to help your day go by
I said it's a musical, natural high
Ooh, on station h.A.P.P.Y.
H.A.P.P.Y., we plan to help your day go by
Musical natural high on station H.A.P.P.Y.You should hear them
Everyday, yeahWhile riding home in my car
My happy radio is never too far
I just reach out my hand, turn the dial
And I know it will make me smile'Cause this station H.A.P.P.Y.
We plan to help your day go by
(Musical natural high), yes it is
On station H.A.P.P.Y.Don't you know that it's a musical
