I Could Rob You

Plastiscines

Love is gonna hurt tonight
If its alright Im gonna try
Love is gonna kill tonight
Dont be surprised that youre gonna cryI could rob you if I want to
I could rob you if I try
I could rob you if I need to
Just be alrightLove is gone and you wanna cry
Love is gone and you dont know why
Love is gone and you know its time to run
To run and hideAre you gonna be alright
Lets say our last goodbyes
Love is gonna kill tonight
Just stay away if you dont wanna fightI could rob you if I want to
I could rob you if I try
I could rob you if I need to
Just be alrightLove is gone and you wanna cry
Love is gone and you dont know why
Love is gone and you know its time to run
To run and hideLove is gone and you cant have it backLove is gone and you wanna cry
Love is gone and you dont know why
Love is gone and you know its time to run
To run and hide
