Come Down to Party

Cable35

Like a fool chewing bonbon
In my room, my rouge light on.Spinning round my gramophone
Now I'm done I'm ready to party.Looking sharp, cool dark shades on
Something crawling on the floor.Chemicals rush through my bones
One more dive, I'm ready to party.Need my last tequila
now I'm ready to party.Need one more tequila
now I'm ready to party.I'm coming down to party!
I'm coming down to party!
I'm coming down to party!
I'm coming down to party!Standing by my telephone
Waiting for the guy to call.Aujourd'hui I'll have it all
Now I'm done, I'm ready to party.I need more tequila
now I'm ready to party.Just one more tequila
now I'm ready to party.I'm coming down to party!
I'm coming down to party!
I'm coming down to party!
I'm coming down to party!
