Invisible Riverside

Ryan Adams

I guess I?ll show my head
Either way I?m losing
Used to have the goods
That when I could use ?em
Standing by the ocean
Like I?m frozen here in time.
Chorus:
So don?t let go, don?t change your mind
If the stars fall into the ocean side
Someone hold the rhythms from my
Free my soul,
Let him go away on an invisible riverside!
I don?t travel far
But my feet are moving
Couldn?t read the signs
They were too confusing
Standing by the ocean,

Sunset Boulevard
Chorus:
So don?t let go, don?t change your mind
If the stars fall into the ocean side
Someone hold the rhythms from my
Free my soul,
Let him go away on an invisible riverside!
I wanna lay my hand on your shoulder
Stay with me my love, now and when we?re older
Standing by the ocean, we got now the time!
Yes, don?t let go, don?t change your mind
Stars fall into the ocean?
Chorus:
So don?t let go, don?t change your mind
If the stars fall into the ocean side
Someone hold the rhythms from my
Free my soul,
Let him go away on an invisible riverside!
