Is Anyone Here Alive?

Kill Hannah

Sunrise always burns my eyes.
And outside, there may be zombies too.
The crawling mice in suits and ties
Are blind to what makes this thing beautiful.Is anyone here alive?
Is anyone here alive?
Is anyone here alive?
Lift up the lids of your eyesSunrise always burns my eyes.
But I'm not tired
No I won't sleep for hours
This city's old and full of ghosts.
I can see their skulls;
It makes no sense at allIs anyone here alive?
Is anyone here alive?
Is anyone here alive?
Lift up the lids of your eyesIs anyone here?
Is anyone
I can't be the only one
I can't be the only oneIs anyone here alive?
Is anyone here alive?
Is anyone here alive?
Lift up the lids of your eyes
