Last Man Standing

4Lyn

Party over here party over here
This time we bring it to an end just like we should
Too late for givin it up. I wouldnt do it even if I could
And even if your fist is the last thing Ill ever see
Theres no mercy mercy mercy mercy for me
Dont hold me back
Motherfucker why?Chorus
We kick up dust and break them bones with our bare hands
We fall and rise again to show them whos the man
No matter who will win its entertainment
This is what we call the last man standingI smell adrenalyn and I smell fear
Theres no back up today
Thats the reason why were here
And even if your bodys turnin black and blue
I wont mercy mercy mercy mercy you
Dont hold me back
Motherfucker what?ChorusStand up fucker
Stand up motherfucker
Stand up bitch
Stand up motherfucker(4x)
Left right left right left right uppercutChorus
