Koko

I-Sound

Sharp as teeth and stars
I can't give you up
Like a moth to light
Move like caramelTill dawn you glow
Till dawn you glowSoon be nothing of this world
Soon be nothing
Soon be nothing of this world
Soon be nothingBreathe back into life
Stabs at happiness
Now we're having fun
Hold tight, don't look downTill dawn you glow
Till dawn you glowSoon be nothing of this world
Soon be nothing
Soon be nothing of this world
Soon be nothingDon't look down
Till dawn you glow
Till dawn you glow
