

The Downward Dance

Treble Charger

Everybody gather 'round
Come and listen to me
You wanna know what I know
You wanna see what I see Pay you money and you take your chance
When you decide to do the downward dance
Never even given half a glance
Try one more time Something happens all the time
You're gonna like it's a scene
Wouldn't miss it for the world
If you know what I mean Pay your money and you take your chance
When you decide to do the downward dance
Know you'll be a slave to circumstance
When you go into the downward dance
Never even given half a glance Try it one more time
And I'll make it right Now the lights are down
And darkness surrounds
So you can't see me Pay your money and you take your chance
When you decide to do the downward dance
Know you'll be a slave to circumstance
When you go into the downward dance
Never even given half a glance
