Mr. Moonlight

Johnny Horton

(Mr Moonlight)
[guitar]
Nobody really cares where the moon goes to dawn
Just as long as it's around when the sun goes down then it's nothing wrong
Mr Moon and me and baby makes three we're just like one big family
Everything is right when you're shining bright Mr Moonlight
When the storm clouds gather and you don't know what to do
Pack up your troubles and take a walk underneath the moon
Tell him what's wrong and before too long you'll be hummin' a happy song
Everything is right when you're shining bright Mr Moonlight[guitar]
Well I've been gone for a long long time from home
You can bet your money honey when I walk I walk alone
I'm not mixed up with Mr Moon around it's the word that sounds upside down
Everything is right when you're shining bright Mr Moonlight
If you and I Mr Moonlight we make three
And don't forget baby will have all night you him and me
He'll put their moonbeams in your hair I bet John Lovin' he'll take it from there
Everything is right when you're shining bright Mr Moonlight Mr Moonlight
