Lover's Lane

Teena Marie

Come on baby take a ride with me down to lover's lane
Half a mile from heaven you'll be glad you came
Words cannot describe the way if feel for you
The closest thing that I can say is that you make my love sigh
A drop of tenderness at a [Incomprehensible] baby
Sprinkle all your love on me, you're my fantasy
Sweet like honey to a bee, baby you arrested me
Got me sharin' all my secrets and my fantasies, come on
Make me halla baby in my solitude
Take me on a ride down lover's lane, I'll go with you
Let me take you down with me to lover's lane
Half a mile from heaven you'll be glad you came
I don't need nobody baby, no one else but you
I made a private reservation just for two, just for two
Livin' in a world with love becomes so blas
