Nutty Theme

Madness

Hello, good evening and welcome
I've been down the high road towards the crossroads
To hear the sound that's buggin' me
Catchy little rhythms in music and rhyme
It's that nutty sound you see
Rhythm
As I got nearer I heard it clearer
It started to affect my brain
It's that nutty rhythm that gets you thinking
And you're almost goin' insane
I felt the ground shake, I had a feelin'
I was sittin' on an old steam train
Shakin' in me knee bones and me elbows
It's drivin' me around the bend
Uncontrollable feelin's sends me reelin'
There's no need to pretend
Melody
It had me spell bound, span me head 'round
I could feel myself goin' mad
Now I am an addict, I have to hear it
Everythin' else sounds bad
