Day I Die

L.A. Edwards

There's a storm brewing out at sea
I got you on board beside me
Heaven opens up with a roaring thunder
Hold me tight now we're going under

Got you on my heart, got you on my mind
All my days and all my nights
In my life, hope you know that I
Will always love you till the day that I die

I woke up with my house on fire
You kicked down the door and you threw me over your shoulder
You carried me out and laid me on the lawn
Your burnt up hands and your burnt up lungs

Got you on my heart, got you on my mind
All my days and all my nights
In my life, hope you know that I
Will always love you till the day that I die

I got a letter in the mail today
Telling me you had to go away
To some dark place where I couldn't follow
My bags are packed babe, I'm ready to go

Got you on my heart, got you on my mind
All my days and all my nights
In my life, hope you know that I
Will always love you till the day that I die

I'll always love you till the day that I die
I'll always love you till the day that I die
