Paradise

Jean B. Gerbier

I
Just like a parade of colorful clowns. My encounters with you were blue
And musical. Despite cruelties of the past, little comfort were found,
When surrounded by Christ love tunes. Instead of wondering, where
It will all end. Sacred dreams we never shared are sherrishing through
The sound of Christ vibe tunes.

Chorus
I feel like I am in paradise, through the pearly gates. I am in paradise
Spirit of the light of the world. I am in paradise, in the diamond and
Golden city. I am in paradise, forever leave this earth.

II
What is it that hold the attraction and caused loneliness and confusion.
Why have you withdrawn from your responsibilities of loving me. I am
Running from you for Christ vibe tunes. Sacred dreams we never shared
are sherrishing through The sound of Christ vibe tunes.
