It's not meant to be a strife
It's not meant to be a struggle uphill
Ooh I
It's not meant to be a strife
It's not meant to be a struggle uphill
Ooh IYou're trying too hard
I am watching you struggle
And struggle and
You're trying too hard, ahIt's not meant to be a strife
It's not meant to be a struggle uphill
It's not meant to be as dry
It's not meant to be a stuggle uphillIt's warmer now
Lean into it
Unfold in a generous wayIt's not meant to be as dry
It's not meant to be a struggle uphill
It's not meant to be as dry
It's not meant to be a struggle uphillI'm praying
To be in a generous mode
The kindness kind
To share me quiet lateIt's not meant to be as dry
[Incomprehensible]If you're crying
Undo, undo
If you're sweating
Just undo, undo
If you're bleeding, darling
