Lost

Kodaline

Take me away make it all better
If not for a day then maybe forever
Is it all in my head cause it's getting harder
But there's something you said that I never thought ofCause we are ordinary people beautiful as we are
We can still get lost, lostLost
Lost
We are lost
We are lostMaybe today it'll get better
I hear what you say we're in this together
Now I'm starting to see
Hoping and praying
We'll never win, win without playingCause we are ordinary people beautiful as we are
We can still get lost, lostLost
We still get lost
It's easy to get lost
We are lost
It's easy to get lostWe are ordinary people, we are lost
Ordinary people
We are ordinary people, we are lost
Lost
Lost
