Young

Tyler Heath

You and I are young
What makes it wrong for us to fall in love?
And either way we'll never change
We'll talk and touch the day away
Now would you hold me if I was crazy?
Girl, I'm going crazy for you, I'm crazy for you
Let's waste away together
We can stay this way forever
Because we're never gonna be as young as we are tonight
Let the world know we're alive
We're here to chase the flashing lights, just wait and see
There's no need to complicate it, this will be our year to take it
We're never gonna be as young as we are tonight
Like the way you throw away your keys
Forget your car and walk with me
The way you always find a way
To see the brighter things
Now would you hold me if I was crazy?
Girl, I'm going crazy for you, I'm crazy for you
Let's waste away together
We can stay this way forever
Because we're never gonna be as young as we are tonight
Let the world know we're alive
We're here to chase the flashing lights, just wait and see
And there's no need to complicate it, this will be our year to take it
We're never gonna be as young as we are tonight
If I'm Romeo then you're Juliet
As long as I'm breathing I love you to death
Forget all your friends, we're nothing to them
I swear, I'll do anything that you want me to
They tell me I'm crazy for falling for you
We'll say what we are, they know how we do
Because we're never gonna be as young as we are tonight
Let the world know we're alive
We're here to chase the flashing lights, just wait and see
There's no need to complicate it, this will be our year to take it
We're never gonna be as young as we are tonight
Because we're never gonna be as young as we are tonight
We'll let the world know we're alive

We're here to chase the flashing lights, just wait and see
And there's no need to complicate it, this will be our year to take it
We're never gonna be as young as we are tonight
