Lovely Girl

Do The Money

You know what, I like this you and me thing
Feels so good to me, check it
I feel so blessed to have you
I hold you closer to my heart
That's you baby, yes you are
Lovin' everything about you
And I can't find a single flaw
'Cus you're legendary girl
If I could get a chance to touch ya
Never felt this way for another
You're like a treasure, I've discovered
I gotta tell you girl, you're my world, yeah
Ooh, lovely girl
There's nothin' they can do to take you away
Ooh, lovely girl
I can't believe you got me trippin' this way
I said, "Ooh, it's your world"
So tell me all your fears and I'll wash 'em away
Ooh, ooh, ooh
Lovely girl
Now it feels so good to hold you
Everything falls into place, yeah
Starin' at you face to face darlin'
(You know how I do it now)
No more of you feelin' lonely
You know, I'll fill that empty space
With whatever you want girl
It's you that wants to kiss and hug me
Give you everything you ask of me
Don't even want to go away you'll miss me
I can't deny it love, you're my world
Ooh, lovely girl
There's nothin' they can do to take you away
Ooh, lovely girl
I can't believe you got me trippin' this way
I said, "Ooh, it's your world"
So tell me all your fears and I'll wash 'em away
Ooh, ooh, ooh
Lovely girl

She's so sexy, she's so crazy
Ooh, a lovely girl
She's so funny and she loves me
What a lovely girl
She wears her jeans cut fairly low
Slightly focused but she plays the role
She rocks an accent quite like Penelope Cruz
With a frame like Halle, tell me how can I lose baby?
Ooh, lovely girl
There's nothin' they can do to take you away
Ooh, lovely girl
I can't believe you got me trippin' this way
I said, "Ooh, it's your world"
So tell me all your fears and I'll wash 'em away
Ooh, ooh, ooh
Lovely girl
Ooh, lovely girl
There's nothin' they can do to take you away
Ooh, lovely girl
I can't believe you got me trippin' this way
I said, "Ooh, it's your world"
So tell me all your fears and I'll wash 'em away
Ooh, ooh, ooh
Lovely girl
