Love Angel

JS

Advisory - the following lyrics contain explicit language:

I wanna be your love angel, love angelSit here on the sofa boy
Put your drink on this coaster boy
And just sit back and relax your mind
'Cause you're bound to have a good time'Cause you been working hard all day
And now it's time to get away
Turn your phone and two-ways off
I'll be the only one you need to callI can't wait to give you all this lovin'
'Cause baby, you deserve it
You give me back the real kissin' and huggin'
Boy, tonight I'll be your[Chorus]
Love angel, a touch of heaven from me
Love angel, my love is all you need
Love angel, you can depend on me
Love angel, I'm gonna be your love angelFirst we'll get into the showers boy
And make love for hours boy
Tonight you're gonna be all mine
Make the greatest love of all time
And you won't get enough of my heaven's touchI can't wait to give you all this lovin'
'Cause baby, you deserve it
You give me back the real kissin' and huggin'
Boy, tonight I'll be your[Chorus]Can you imagine boy
You and me going above the sky
Physical attraction follow me
I'm gonna be your guideChain reaction
Once we start boy, we can't stop
You and me climaxin'
We'll be taking this love to the top[Chorus]Yeah JS, said somebody's, who, callin' me
Hello ladies from around the way
I thought I heard somebody call my name
I'm here to take you out this pourin' rainAnd cuddle you just like a small cafe
Soothe your body and put your mind at rest
You don't believe, then as JS

From the sofa to the bed to the floor
I'm 'bout to take you straight through heaven's door[Chorus]However you want me to touch you boy
However you want me to feel you boy
However you want me to kiss you boyI'll do it
