

# Cool Kids

KIX

Hey what you gonna do on Friday night  
Where ya gonna go  
We gotta find some action  
Baby I'll meet ya at the Paradise  
Start a little chain reaction  
Hey anybody got a cigarette  
Thanks  
Anybody here got a dime  
I heard that Frankie's got a blue Corvette  
She said to call her any time  
Anybody got a situation  
Is there any place to go[Chorus]  
We want cool kids  
Out on the corner  
Cool kids  
Out on a limb  
Cool kids  
Looking for someone, looking for something  
Looking for somebody  
Kids are all right We go cruising down the avenue  
Lean out the window at the stop light  
Just trying to shake up the Main Street blues  
Try to break out into the hot night  
Anybody got a situation  
Is there any place to go[Chorus]
