Double Talkin' Baby

The Tomcats

My friends tried to tell me, but they were too late, yeah
What a fool I was to fall for your bait, ah
You drive me crazy, kiss-a-me baby
I don't mean maybe
Double talkin' baby, please make up your mindOh oh oh oh, first you said you would, if you only could, yeah
Then it's probably will, if I kept still, yeah
You drive me crazy, kiss-a-me baby
Don't mean maybe
Double talkin' baby, please make up your mindNow you try to tell me that I was too late
What a fool I was to fall for your bait, yeah
You drive me crazy, kiss-a-me baby
Don't mean maybe
Double talkin' baby, please make up your mindOh oh oh oh, first you said you would, if you only could
Then it's probably will if I kept still, yeah
You drive me crazy, kiss-a-me baby
Don't mean maybe
Double talkin' baby, please make up your mindMy friends tried to tell me, but they were too late
What a fool I was to fall for your bait, yeah
You drive me crazy, kiss-a-me baby
Don't mean maybe
Double talkin' baby, please make up your mindOh oh oh oh, first you said you would, if you just could, yeah
Then it's probably will if I kept still, yeah man
You drive me crazy, kiss-a-me baby
Don't mean maybe
Double talkin' baby, please make up your mind, yeah
