Time To Change

John Debney, John Sponsler & Louis Febre

We got something to say you know
It's one of those joints here, Yolanda
Check this out, you know
It's time to change, Yolanda
It's been to long it's time to change
You can't get away with every thing
Please tell me why you wait
You gotta answer for yourself someday
It's been to long it's time to change
You can't get away with every thing
Please tell me why you wait
You gotta answer for yourself someday
A man that I know from the neighborhood
Whenever I see him, he's up to no good
Taking from others to get what he wants
And he thinks that there's no way he'll ever get caught
It's been to long it's time to change
You can't get away with every thing
Please tell me why you wait
You gotta answer for yourself someday
It's been to long it's time to change
You can't get away with every thing
Please tell me why you wait
You gotta answer for yourself someday
Husband and wife, a baby girl, they're happy
But then there's a woman from down the street
Writing letters and sending pictures
And doing all that she can
Trying hard to gain the attention of a married man
Girl, your wrong now
It's been to long it's time to change
You can't get away with every thing
Please tell me why you wait
You gotta answer for yourself someday
It's been to long it's time to change
You can't get away with every thing
Please tell me why you wait
You gotta answer for yourself someday
Your story is I'm just a kid and it's all in fun

You never stop to realize you're hurting someone
How would you feel if everything was turned around
And everyday somebody was putting you down, oh too long
It's been to long it's time to change
You can't get away with every thing
Please tell me why you wait
You gotta answer for yourself someday
It's been to long it's time to change
You can't get away with every thing
Please tell me why you wait
You gotta answer for yourself someday
