Pug

The Toddlers

Kiss and kill me sweetly
Come and drive me home
Drag the miles in me
I am yours aloneInside where it's warm
Wrap myself in you
Outside where I'm torn
Fight myself into, into, into youDesire me so deeply
Drain and kick me hard
Whisper secrets for me
Try to go too farInside where it's warm
Wrap myself in you
Outside where I'm torn
Fight myself into, into, intoPlease don't change
Please don't change at all
Bring your rain
Bring your rain to fallInside where it's warm
Wrap myself in you
Outside where I'm torn
Fight myself into, into, into youCome and kiss me sweetly
Ride the telephone
Drag the miles to me
I am yours alone
Yours alone, yours alone
On the telephone
Yours alone
Looking for a kiss kiss
Yours alone
