The Prince

Metatrone

All alone I go through the night
Along the walk ways wandering
With an empty bottle that fills my life
A sleeping lullaby's scares a mice
Hard to lay on a bed of ice
But I refuse to face the truth
And this is all that I can do
My heart is here in God it lays
I'm just like you oh, please don't run AwayHey you! Pass and then you never stop
If you want have a little time to talk
I never loose my dignity
I am the prince
So why are you afraid of me?
It's you and your eyes don't wanna see
No way to loose my dignity
Things never change
I live my life alone among you
Every single day and every night
The life you're worried about tonight
You have to know it's all for me
My one and only way to be
My heart is here in God it lays
So don't avoid me
I'm just like you oh, please don't run AwayHey you! Pass and then you never stop
If you want have a little time to talk
I never loose my dignity
I am the prince
So why are you afraid of me?
It's you and your eyes don't wanna see
No way to loose my dignity
Things never change
I live my life alone among you
Hey you! Pass and then you never stop
If you want have a little time to talk
I never loose my dignity
I am the prince
So why are you afraid of me?
It's you and your eyes don't wanna see
No way to loose my dignity

Things never changeHey you! Pass and then you never stop
If you want have a little time to talk
I never loose my dignity
I am the princeThings never change
I walk aloneSet me free
