

# I Do (Hed Kandi Dusk Till Disco Edit)

[Felix Jaehn](#)

Drowning in an ocean of you  
Forty foot waves  
Whispering sweet nothings in your bed  
Could stay here for daysGave you all of me I'll never leave  
Ways that we could stay between the sheets  
Oh but they can't see what you do to me  
Doesn't really matter what they sayAnd they think you don't give enough  
But I do, I do  
They say I don't really need your love  
But I do, I do... I DO  
Open ticket to nowhere  
is how we spent our days  
Chasing that silver lining hiding far awayI never wanted to changeGave you all of me I'll never leave  
Ways that we could stay between the sheets  
Oh but they can't see what you do to me  
Doesn't really matter what they say  
And they think you don't give enough  
But I do, I do  
They say I don't really need your love  
But I do, I do... I DO  
And they think you don't give enough  
But I do, I do  
They say I don't really need your love  
But I do, I do... I DO  
End
