Fall Into Place

Apartment

So penniless for a dream
I hope I get by today
I want to get to the truth
And learn how to graySo penniless for a dream
It's not living in St Tropez
But I wonder if what you wish for
Will fall into placeFall into place
[x4]I'm struggling just to see
Amount to better ways
What's possibly meant to be
Was probably meant for meIt's never been on a plate
Well it's never been on a plate
So mother I hope that I
Will fall into placeFall into place
[x4]
