Molecule

Screeching Weasel

my room's the universe. i lay here on the floor and look up at the stars and my mind is fine for a little while. my room's the universe. i sit and play guitar and my gut isn't hurting now. i lay down. i breathe in and out; in and out for a little while. my room's the universe and i'm a molecule. a simple molecule. my room's the universe and i am dust.
