Get Me Golden (Radio Edit)

Terraplane Sun

Sitting in the back of this Cadillac
Thinking I've worked way too hard to be where I'm at
Blinded by the cars in the boulevards
I always took my cues from the real starsBut now I'm sitting here when I saw the sign
And realized it is time to get where I'm going
Hope you don't mind that I'm taking time to get mine
And you know I ain't scared to show itWell I've got a plan in the palm of my hand
To get me rolling (I know)
Well I've got a plan in the palm of my hand
To get me golden (I know)You can try, you can try put it all on the line
Ain't coming home 'till you kiss the sky
Cause all I want, all I want, all I really really want
Is to know that the love is worth the sacrificeBut now I'm sitting here when I saw the sign
And realized it is time to get where I'm going
Hope you don't mind that I'm taking time to get mine
And you know I ain't scared to show itWell I've got a plan in the palm of my hand
To get me rolling (I know)
Well I've got a plan in the palm of my hand
To get me golden (I know)Well I've got a plan in the palm of my hand
To get me rolling (I know)
Well I've got a plan in the palm of my hand
To get me golden (I know)Well I know you may not really care (oh no)
But I'm just trying to get byWell I've got a plan in the palm of my hand
To get me rolling (I know)
Well I've got a plan in the palm of my hand
To get me golden (I know)When the city sleeps in yeah
We'll slip right on through the back
When the city sleeps in yeah
We'll slip right on through the cracks
