Into My Life

The Imperials

I was making my own way, chasing my rainbows
When Jesus surprised me and said, "There's more than you know"
I was a long time searching for truth deep in my heart
I gave it all I had, it only made me sad
I felt the need to change
I'm so glad the you came into my life...into my life

And so I stood at the fork in the road
Which way to Heaven
And thought of stories foretold since I was seven
And though my mind may have not understood
I kept on trying

Until I saw the light, He rescued me that night
I felt the need to change
And I'm so glad you came into my life...into my life

Jesus came to me with love and He showed the way
To live for each day with each other
Jesus came to me with love and He showed me the way
To live for each day with each other

Until I saw the light, He rescued me one night
I felt the need to change
I'm so glad that you came into my life...into my life

Jesus came to me with love and He showed the way
To live for each day with each other
Jesus came to me...Jesus came to me

Jesus came to me with love and He showed me the way
To live for each day with each other
Jesus came to me...Jesus came to me

Jesus came to me...Jesus came to me and He showed me the way
To live for each day with each other
