

You Cause As Much Sorrow

Sinead O'connor

I'm full of good intentions
Like I never was before
It's too late for prevention
But I don't think it's too late for cure
So you call in your minions
See what you can't find
Night time or morning
These hands are sticky but I don't mind
Why must you always be around?
Why can't you just leave it be?
It's done nothing so far but destroy my life
You cause as much sorrow dead
As you did when you were alive
I never said I was tough
That was everyone else
So you're a fool to attack me
For the image that you built yourself
It just sounds more vicious
Then I actually mean
I really am soft + tender + sweet
Why must you always be around?
Why can't you just leave it be?
It's done nothing so far but destroy my life
You cause as much sorrow dead
As you did when you were alive
Why must you always be around?
Why can't you just leave it be?
It's done nothing so far but destroy my life
You cause as much sorrow dead
As you did when you were alive
