Airplane

Day Of Fire

It was the last chance
To catch the last flight into your heart
I wanted so bad just to get there
Woke up too late today to start
I've missed my chance so many times before
Couldn't find the right keys knocking on the wrong door
Just to find myself alone in the night
I wish I was an airplane
Flying back in time to where you and I had first met
Feeling high just knowing I could hold you again
Even if it ended the same, I wish I was an airplane
I wish I was an airplane
With every heartbeat
I feel the heartache of losing you
I need a new start
And a new way of getting through
Those runway lights don't compromise
Reminds me of what I saw in your eyes
The first time we met on that San Antonio night
I wish I was an airplane
Flying back in time to where you and I had first met
Feeling high just knowing I could hold you again
There was a fire inside no matter how we tried
Could not be quenched
Even if it ended the same, I wish I was an airplane
I know I need you now
You're so far away
I'm blinded by the clouds
I wish I was an airplane
Flying back in time to where you and I had first met
Feeling high just knowing I could hold you again
I said it before and I'll say it again
Even if it ended the same
Even if it ended the same
If it ended the same
I wish I was an airplane
I wish I was an airplane
I wish I was an airplane
