# Camaro

## Bronk

She look so cool in her new Camaro
It's black as coal and it goes boy, go, go, go
I brought my bike next to her Camaro
And when I fire on a smile then she blows, she blowsI'm makin' eyes through my sharp sunglasses
She's such a brat now I'm packin' her cigarettes
I guess I'll take off these great sunglasses
It makes her look me in the eye before she's taken awaySo cool in her new Camaro
It's black as coal and it go boy, go, go, go
She looks so cool in that new Camaro
So black as coal and it go, don't it go, go, goShe look so cool in her new Camaro
It's black as coal and it go boy, go, go, go
I brought my bike next to her Camaro
And when I fire on a smile then she blows, she blowsShe blows, she blows
