Shining

Narath

Oh, oh, oh
Oh, oh, oh
Control the urge to spit up the vile worms, its soul
Monsters seduced by her attention
Try draining the infection
Whoa, go, go, oh, oh, oh
Locked in a world of bile-soaked skin, it's heaven
Monsters seduced by her attention
She's draining the infection
Carol Anne, the beast is calling
Carol Anne, Carol Anne, she can hear souls singing
Carol Anne, the beast it needs you
Here it comes, here it comes
Reaching out somewhere from inside your TV
Whoa, go, go
Control the urge to spit up smile worms, its soul
Monsters seduced by her attention
Try draining the infection
Whoa, oh
Carol Anne, the beast is calling
Carol Anne, Carol Anne, she can hear souls singing
Carol Anne, the beast it needs you
Here it comes, here it comes
Reaching out somewhere from inside your TV
Yeah
Carol Anne, the beast is calling
Carol Anne, Carol Anne, she can hear souls singing
Carol Anne, the beast it needs you
Here it comes, here it comes
Reaching out somewhere from inside your TV
Yeah, oh
