Still In Love

Bread

Still get nervous still so shy when you look at me still so high off of the way you still make me want you more and more still caught up still in love still I cant get enough still I'm fallin for you dont intend to go nowhere
All the time we share still we're so in love we never gave up no no no no no no you still hold my hand proud to be my man you can make up when
Caught connected to I'm stuck I'm sticking to you I'm hucked addicted to you I'm stll in love with you caught connected to I'm stuck I'm sticking to you I'm hucked addicted to you I'm still in love with you
Sometimes argue still make up go out to dinner gazing love everyday that we go without showing that we care still make me laugh when I feel darkness you are my light I feel the same as I did before im still in love

All the time we share still we're so in love we never gave up no no no no no no you still hold my hand proud to be my man you can make up when
Caught connected to I'm stuck I'm sticking to you I'm hucked addicted to you I'm stll in love with you caught connected to I'm stuck I'm sticking to you I'm hucked addicted to you I'm still in love with you
Oh still seems just like the first day we met we were ment to be babythere is nothing that kept us apart
Caught connected to I'm stuck I'm sticking to you I'm hucked addicted to you I'm stll in love with you caught connected to I'm stuck I'm sticking to you I'm hucked addicted to you I'm still in love with you
