Not Enough

Overlake

To give back time
You force too much
It's always too much
But not enough
So much for here and now
It's all the same now
I wish everything would change
You can't believe a word he says
You can't believe
I know you've been lost
You said it before
Say it again now
I know you've been lost
You're begging for more
And it's not enough
Yeah
It's all they know
And really believe in
He gives you a reason
To take it slow
So much for the here and now
It's all the same now
But I wish everything would change
You can't believe a word he says
You can't believe

I know you've been lost
You said it before
Say it again now
I know you've been lost
You're beggin for more
And it's not enough
Ye-yeah
I know you've been lost
You said it before
Say it again now
I know you've been lost
You're begging for more
I know you've been lost

You said it before
Say it again now
I know you've been lost
You're beggin for more
(I know you've been lost)
(You're begging for more)
I know that you've been lost
(I know you've been lost)
(You're beggin for more)
Why you beggin please for more
I know that you've been lost
(I know you've been lost)
And it's not enough
And it's never gonna be
