

# Into Cold Darkness

## Vital Remains

AAAAARRRRRRGGGGHHHHH!!

Sensual pleasures of non-resistant triumph

Spiritual tendencies deeply rooted in man's psyche

Ab-I-Hayat waters of immortality

A sanctuary to mortante your mindAAARRRRGGGGHHH..... Into cold darknessAbsu the watery abyss

Abode of the gods

Acheron one river of Hades

Descend into the kingdom of the deadEntering the under world condemned to torture

Conceived as the darkest region of frost and wind

This land of the dead is ruled by the sword

Where souls of the wicked remain foreverAAARRRRGGGGHHH..... Into cold darknessNow hundreds of angels  
rebel against God

Winged and naked riding black wolves

Millenniums of destruction, darkness havePassed

Annunaki demands destruction of God foreverThe great return of universal reconciliation

Christianity crushed and destroyed

A renowned region of evil immortality

Uncover the sacred symbol of fertilityAAARRRRGGGGHHH..... Into cold darkness
