Happy With You

Samantha Cole

Thinkin' about you baby all of the time
I wake in the morning with you on my mind
I think I must be dreaming, too good to be true
And it's so amazing just what love can doBaby you've given me the sweetest emotions
And now that I've found you
I'm never gonna let you goBecause I'm with you
My dreams have come true
And baby I'm oh so happy with youI feel so alive
'Cause this love is so right
And that's why I'm oh so happy with youOhh do, do
Yeah, yeah
Oh yeahWhenever you're around me I need your touch
Ooh you drive me crazy, I want you so much
Keep doing what you're doing 'cause it feels so good
And it's so amazinging that's what love can doBaby you've given me the sweetest emotions
And now that I've found you
I'm never gonna let you goBecause I'm with you
My dreams have come true
And baby I'm oh so happy with youI feel so alive
'Cause this love is so right
And that's why I'm oh so happy with youMake me happy
So happy, do baby
Oh so happy with youYou make me happy
So happy, do baby
Oh so happy with youBaby you've given me the sweetest emotions
Now that I've found you
I'm never gonna let you goBecause I'm with you
My dreams have come true
And baby I'm, I'm so happy with youI feel so alive
'Cause this love is so right
So happy with youYou make me happy baby
Do baby
Oh so happy with youMake me happy
So happy
