Mama Says

Ibeyi

The man is gone
And mama says
She can't live without him
The man is gone
And mama says
There is no life without himShe has no one
To stop her tears
The man who heals and calms down her fears
She needs to wake up in her man's arms
And to be loved just like a childOoh-Ooh!The man is gone
And mama says that she can't live without him
The man is gone
and mama says
there is no life without himHow can I tell her the way I feel
I'm afraid that she'd be hurt and sink
It pisses me off
It drives me mad
That she let herself feel so badOoh-Ooh!
(....)
The man is gone
And mama says
That she can't live without him
The man is gone
And Mama says
There is no life without him
